

CONTINENTAL LOGISTICS

THE COMPANY

Continental Logistics is evolving and expanding the way we manage transportation throughout North America and Canada.

Since our founding in 1985, we have been building relationships and providing logistics management services to some of the industry leaders within the food, consumer packaged goods "CPG" and health/beauty industries.

PROGRESSIVE THINKING

We have a razor sharp focus in the industries we understand with an unwavering commitment to flawless execution and total cost mitigation. Our intent is to act as a complete transportation department, consulting and integrating with our customers, to fully protect their business relationships with their own customers. We offer a level of management expertise, opening up more possibilities to streamline the total transportation cost of doing business.

TECHNOLOGY

Our transportation management technology allows our clients direct EDI integration which streamlines the time from order receipt to delivery which improves accuracy, reduces costs and improves cash flow. This integration also creates enhanced reporting capabilities during and after orders are shipped.

COMPLIANCE *"OUR DIFFERENCE"*

We are fully invested in our commitment to understand and manage your transportation based on federal recommendations as well as the individual compliance rules and routing guidelines of your customers. From ensuring items such as sanitary equipment requirements, proper documentation and adhering to routing procedures we are able to better ensure overall compliance and reduce charge backs which strengthen profits for our customers.

CUSTOMER CENTRIC

We constantly strive to anticipate the rapidly changing needs of our clients and to develop new services to support those needs.

We offer our customers a comprehensive range of services with leading technologies and products.

- Import/Export Drayage
- Less than Truckload "LTL" Transportation
(Ambient/Dry and/or Temperature Controlled)
- Full Truckload "FTL" Transportation
(Ambient/Dry and/or Temperature Controlled)
- Intermodal Transportation
